## **OPEN EVENING Wednesday 12<sup>th</sup> August 3.45pm – 5.00pm**

Dear Glenferrie Parents,

On Wednesday 12th of August Glenferrie Primary School will be open afterschool from 3.45 through to 5.00 for you all to celebrate our children's wonderful learning. The children will be running the evening and the focus will be on what your child has achieved. It is not only an opportunity for the children to share their work but it is a chance to experience what your child has learnt.

During our Open Evening the fantastic Prep students will teach their parents three exciting numeracy board games that they can play together at home. These games will be about number, time and shape. Be amazed by your child's numeracy ability!

The terrific Year 1 students will be explaining what they have been doing with their clever Little Miss and Mr. Stories. These books have involved a number of processes and the children are very proud of them. Come and listen to your child's story and hear about how they came up with their ideas.

The wonderful Year 2 students have used Visual and Critical Literacy to design and create a new product for a fairytale character. On this evening they will discuss the importance of visual cues and creativity to capture an audience's attention. An intriguing look into a classic fairytale story.

The amazing Year 3 and 4 students will have their sensational webquests and bookwork on display around the classroom. On this evening, students will show and explain what they have learnt.

The groovy Year 5 and 6's will present their innovative Gold movies that they worked on in Term 2. The students will also have their books and work on display to show to their parents.

Families may attend at any time between 3.45pm and 5.00pm and your children will direct you to each of their rooms in turn (if you have more than one child). Children need only be in attendance when their parents are visiting.

So come along and be amazed at what your children are achieving at Glenferrie.

Yours sincerely

David Quinn  
Acting Principal
